- McLaren Flint Employee Health Services
- McLaren Greater Lansing Employee Health Services
- McLaren Health Management Group Employee Health Services
- McLaren Lapeer Region Employee Health Services
- McLaren Macomb Employee Health Services
- McLaren Northern Employee Health Services
- McLaren Oakland Employee Health Services
- McLaren Port Huron Employee Health Services
- McLaren Thumb Region Employee Health Services

# CERNER FLASH

The follow-up locations will be available in the ED FirstNet Depart Process | Patient Education | Follow Up by Organization

The screenshot shows the 'Follow Up' form in Cerner. The 'Who' section has 'Organization/Clinic Search' selected. The 'When' section includes 'Within', 'In', 'On', and 'At' fields. The 'Where' section has a 'Follow up Address' table with 'Address' and 'Phone' columns. The 'Comment' section has 'Predefined Comments' and 'Edit Comments' options. A search bar in the 'Who' section is highlighted with a red box, and the search results list 'McLaren Greater Lansing Employee Health Services' as the selected option.

It will also be available in the PowerChart Discharge Workflow | Follow Up by Location | Search for "Employee Health" to see all

The screenshot shows the 'Discharge Workflow' form in Cerner. The 'Follow Up' section is highlighted with a red box. The 'Search' bar is highlighted with a red box, and the search results list 'McLaren Bay Region Employee Health Services' as the selected option. The 'Quick Picks' section lists various follow-up options, and the 'Personal favorites' section is empty. The 'Time Frame' section has 'Follow Up Instructions' and 'Scheduled Appointments' options.
