

## CERNER FLASH

## PSO Order Change

- 1. When the prompt appears, select 'CONTINUE'
  - a. Do NOT press "Load Standard Plan."
  - b. Selecting "CONTINUE" will incorporate the user's favorites, along with the updates made in the system.
- 2. Then, press " SAVE AS MY FAVORITE"
- 3. Choose "<u>Yes</u>" to save your favorite orders along with the updates to the powerplan.

## CERNER FLASH

- A Customized Message is generated when a change is made to the catalog plan, but the ability to use saved plans is on, the following message is displayed: Resave your favorite plan to no longer receive this notification.
- If you click **Continue**, the saved *PowerPlan* is displayed, and the changes made are in this plan. To stop receiving this message when the plan is ordered, resave to your favorites.
- If you click Load Standard Catalog Plan, the updated catalog plan is displayed, you can customize as needed, and save it to your favorites.
- When resaving a plan favorite, if you rename the plan with the same name as the favorite you are replacing, it overwrites the old saved *PowerPlan*. This keeps the *PowerPlan* in the favorites folder up to date
