Important Information

FOR FAMILY AND LOVED ONES

The Cheboygan outpatient facility is fully-staffed and held to the same rigorous national standards of any McLaren Northern Michigan facility. Sometimes, however, it is necessary for a patient to receive the advanced services available at the nearby McLaren Northern Michigan, Petoskey Campus. In such a situation, your loved one may be transferred to the Petoskey Campus for access to its team of board-certified surgeons and specialists and state-of-the-art technology.
