

# CERNER FLASH

Urine Drug Screen 5 will now be replaced with Urine Drug Screen 7

As of Thursday, 8/20/2020 UDS 5 will no longer be available to order. When placing an order for Urine Drug Screen please use UDS 7. This will be the standard for One McLaren going forward.

All PowerPlans (Order Sets) in Cerner will be updated to reflect this change.

Please resave any PowerPlans that are your favorites and contain the UDS 5 order.

When trying to use your favorite you will receive the following message. Please say YES to load the standard plan.
