## Ambulatory: New Office Procedure Note Template   **March 8, 2024**

New Office Procedure Note Template Overview

Enhancement available 3/8/24: A new **Office Procedure Note** template will be available for Provider's to choose when documenting procedures performed in-office.
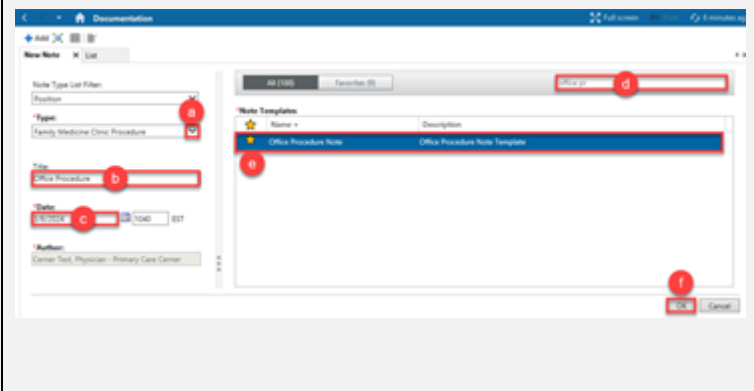

There is a further initiative to adjust Workflow page note links that is still a work in progress. Current state, users will have to manually search for this new template by following the instructions below.

Provider Positions Impacted: All Ambulatory Providers

1) In the Create Note section of the Workflow Page, choose **Select Other Note**.	

2) In the New Note tab:
 	
  a. **Type dropdown:** Choose the appropriate Procedure Note template.
 	
  b. **Title:** Free text an appropriate title.
 	
  c. **Date:** ensure this field matches the DOS.
 	
  d. Search for the **Office Procedure Note** template.
 	
  e. Select and favorite the **Office Procedure Note**.
 	
  f. Click **OK** when done.	

3) The Note template will display for Providers to enter their documentation.
 	
  a. The Attending Provider's name will automatically pull into the **Surgeon** section.
 	
  b. If text was added to the **Patient Instructions** component on the Workflow Page, they will automatically pull into the **Post-Procedure Instructions** section.
