Ambulatory: Ordering Physician Window Modification

November 7, 2022

Change Effective 11/8/22 : The **No Cosign Required** Communication Type will be removed from the Ordering Physician window for Clinical Staff positions in Cerner PowerChart.

Reason for Change: The **No Cosign Required** Communication Type was used with our old Referral workflow so users could modify referral orders to add appointment details without having to send the modification request to the Provider for co-signature. Now that we have access to Referral Management, this option is no longer needed.

Other Workflows Impacted: Completing Orders for Testing Done Outside of McLaren. When completing these orders, users will now choose **Paper** as the Communication Type, instead of No Cosign Required.

- Refer to the [AMB Job Aid Complete Orders for Testing Done Outside of McLaren.pdf](#) for more information.

Positions Impacted:

- Ambulatory: MA/LPN
- Ambulatory: MA/LPN Planned Proposed
- Ambulatory: MA/Rad Tech
- Ambulatory: Oncology MA/LPN
- BEH MA/Reg Clerk
- MA/Reg Clerk
- Medical Scribe/Ambulatory MA
- OB Clinic MA/LPN
- OB Clinic MA/LPN Planned Proposed

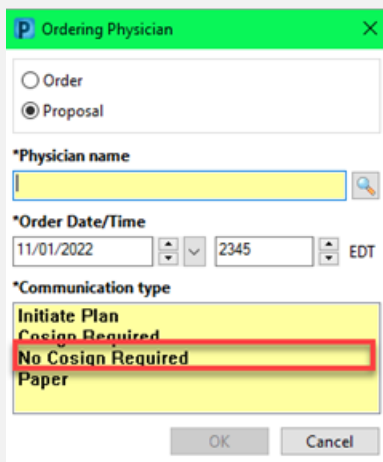

Please see below for more information.

Ordering Physician Window

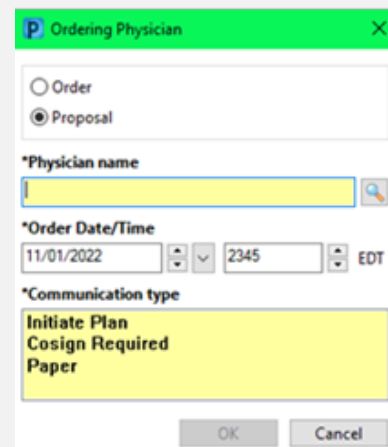

The **No Cosign Required** Communication Type will be removed from the **Ordering Physician** window and will not be available for Clinical Staff to choose when placing/proposing orders.
