## Ambulatory: Cardiac Device Interrogation Billing Workflow

April 23, 2021

### Workflow Changes Overview

**New Workflow:** Device Specialists and Billers within the clinics that perform Cardiac Device Interrogations will follow a new workflow to ensure that the appropriate Technical and Professional Fees are applied to the patient's account.

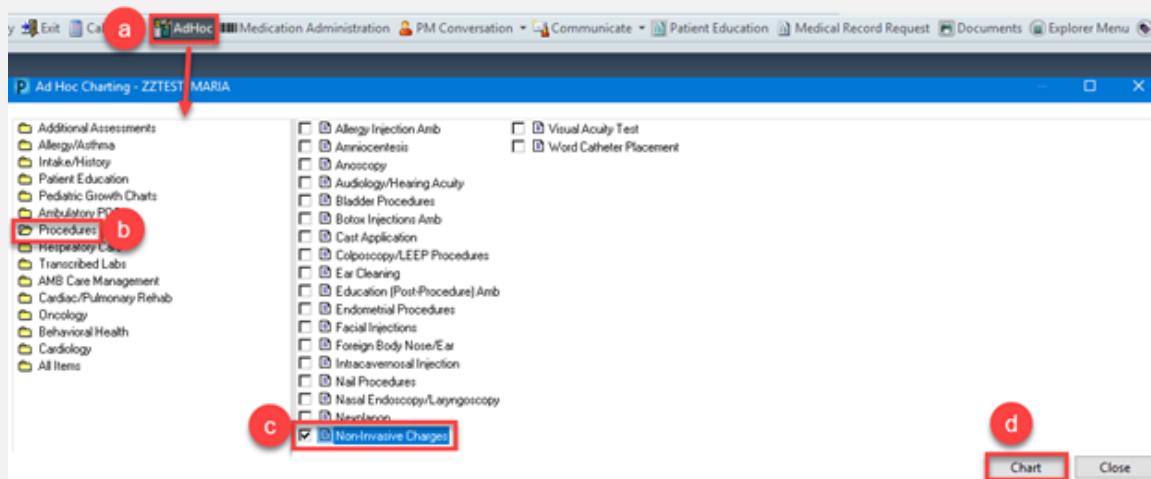

| Device Specialist Workflow  | Outcome  |
|---|--|
| <ul style="list-style-type: none"><li>Complete the Non-Invasive Charges PowerForm.</li><li>Scan document from Paceart (or other program used) into the patient's chart.</li></ul> | <ul style="list-style-type: none"><li>Upon signing the Powerform, the Technical Fee will be applied to the patient's account.</li></ul>                  |
| Biller Workflow   | Outcome  |
| <ul style="list-style-type: none"><li>Use the Scribe Workflow to enter the appropriate DP charge(s).</li></ul>  | <ul style="list-style-type: none"><li>Once the appropriate DP charge is placed, the Professional Fee will be applied to the patient's account.</li></ul> |

Follow the instructions below to perform the appropriate workflow.

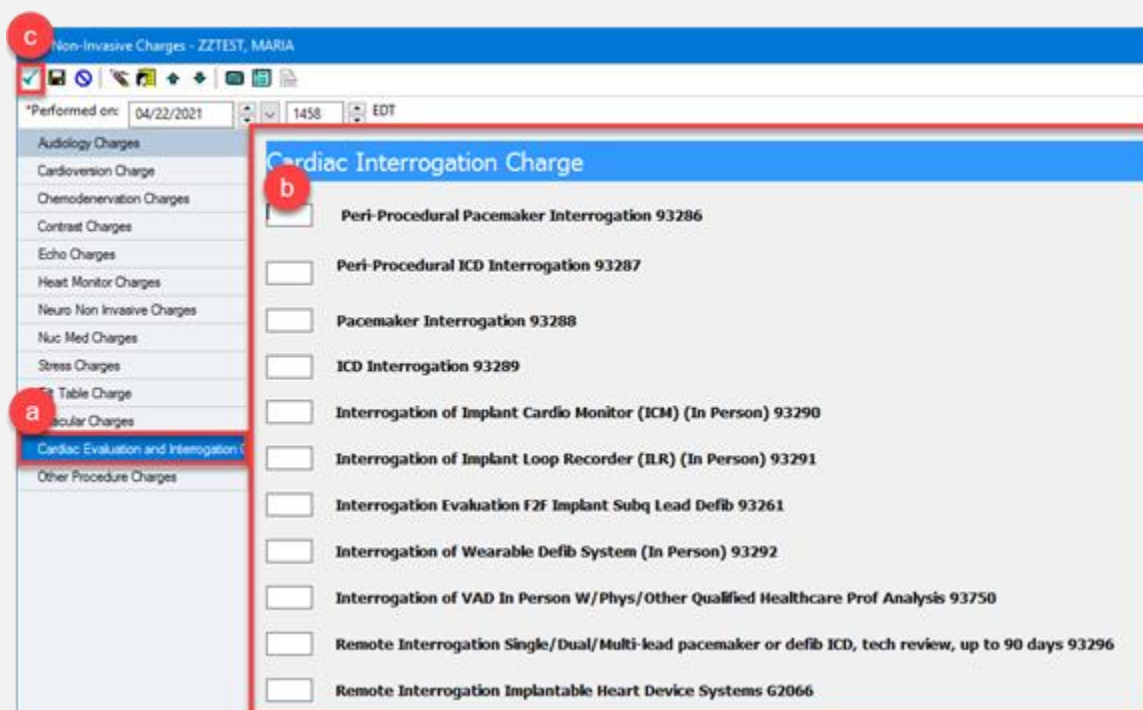

**Locations Impacted:** All clinics performing Cardiac Device Interrogations

### Device Specialist Workflow: Complete the Non-Invasive Charges PowerForm

- From within the patient's chart:
  - Select **AdHoc** from the Toolbar.
  - Select the **Procedures** Folder from the left-hand side.
  - Select the **Non-Invasive Charges** checkbox.
  - Click **Chart**.

- 2.) The Non-Invasive Charges PowerForm will display.
  - a. From the left pane, select the Cardiac Evaluation and Interrogation Charges tab.
  - b. Put a 1 in the box next to the appropriate charge.
  - c. Click the green checkmark Sign icon when done.

Non-Invasive Charges - ZZTEST, MARIA

\*Performed on: 04/22/2021 1458 EDT

**Cardiac Interrogation Charge**

- Peri-Procedural Pacemaker Interrogation 93286
- Peri-Procedural ICD Interrogation 93287
- Pacemaker Interrogation 93288
- ICD Interrogation 93289
- Interrogation of Implant Cardio Monitor (ICM) (In Person) 93290
- Interrogation of Implant Loop Recorder (ILR) (In Person) 93291
- Interrogation Evaluation F2F Implant Subq Lead Defib 93261
- Interrogation of Wearable Defib System (In Person) 93292
- Interrogation of VAD In Person W/Phys/Other Qualified Healthcare Prof Analysis 93750
- Remote Interrogation Single/Dual/Multi-lead pacemaker or defib ICD, tech review, up to 90 days 93296
- Remote Interrogation Implantable Heart Device Systems G2066

- 3.) Once the form is signed, the Technical Fee for the selected procedure will be applied to the patient's account.

- 4.) Scan the document from Paceart (or other program used) into the patient's chart.

### Billing Scribe Workflow: Place DP Charge

- 1.) The Billing Scribe will follow their normal workflow to place the appropriate DP charge to the patient's account.
  - a. Choose the appropriate DP charge from the list below:

| <ul style="list-style-type: none"> <li>• DP Interrogation Wearable Defib System (In Person) Analysis Intrp &amp; Rpt 93292</li> </ul>                |
| <ul style="list-style-type: none"> <li>• DP Transtelephonic Rhythm Strip Sing/Dual/Multi Pacmkr &lt;90days Intrp &amp; Rpt 93293</li> </ul>          |
| <ul style="list-style-type: none"> <li>• DP Interrog Single/Dual/Multi Transvenous Implant Defib(In Person)Analysis Intrp &amp; Rpt 93289</li> </ul> |
| <ul style="list-style-type: none"> <li>• DP Interrog Single/Dual/Mult Lead Pcmkr(In Person)Analysis Intrp &amp; Rpt 93288</li> </ul>                 |
| <ul style="list-style-type: none"> <li>• DP Interrogation Implnt Subq Lead Dfib (In Person) Anaylsis Interp &amp; Rpt 93261</li> </ul>               |
| <ul style="list-style-type: none"> <li>• DP Physiologic exercise study + Hemodynamic measure Before &amp; After 93464</li> </ul>                     |
| <ul style="list-style-type: none"> <li>• DP Interrog VAD(In Person)Analyze Parameters &amp; Function w/Progrming &amp; Rpt 93750</li> </ul>          |

2.) Once the appropriate DP Charge is placed, the Professional fee will be applied to the patient's account.

## Outcome

Once both workflows are complete, the total charge (either global or split billed) will be applied to the patient's account.
