Acute: Cerner Upgrade 2023

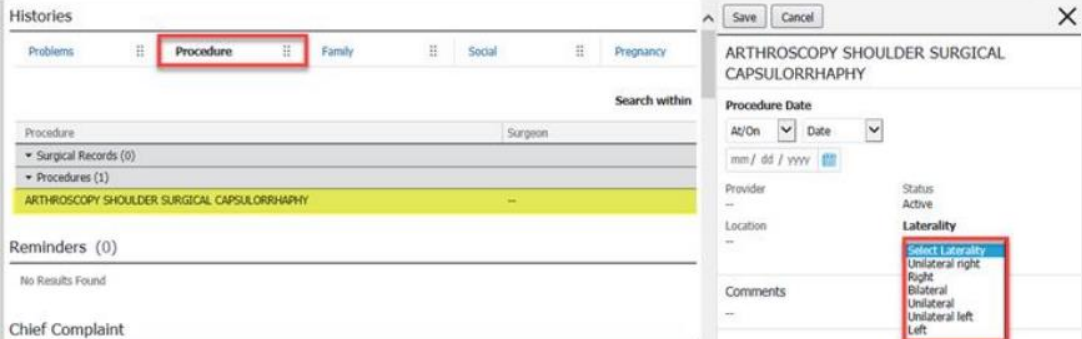

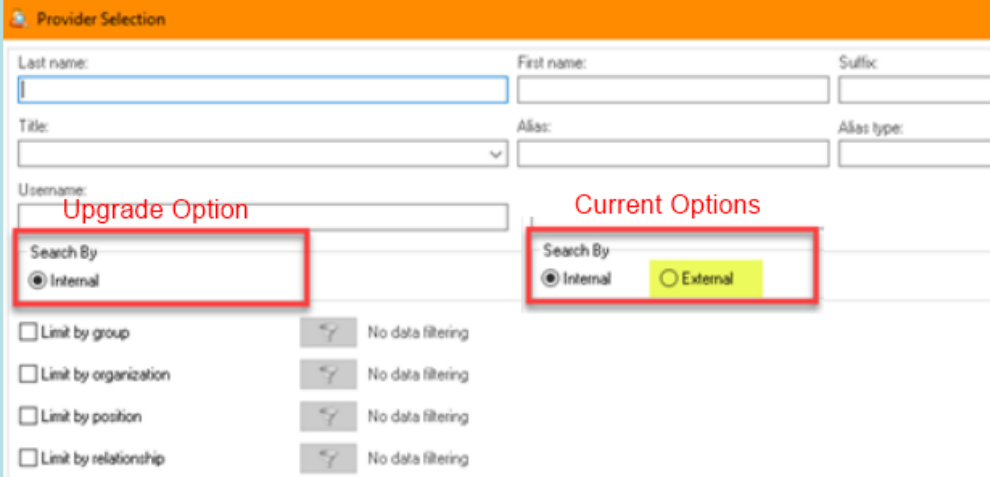

Effective 12/6/2023

Cerner Upgrade 2023 Overview

The Cerner upgrade will be available in Production on 12/6/23, which will offer new/improved functionality in multiple areas in PowerChart. Please note that these updates will have minimal impact on current workflows.

Impacted Area/Job Aid	Changes / Enhancements	Positions Impacted
<p>Medication Reconciliation</p>	<ul style="list-style-type: none"> If a user entered any comments within the Comments tab of the Order details, Providers will see these comments face up in the Order Reconciliation window. 	<p>Provider</p>
<p>Orders Page & Medication List</p>	<ul style="list-style-type: none"> New eRX Status column available so users can see the status of a prescription face up (column will need to be added to view). New Search tab added to the Prescription Routing window so users can search/select printers by the printer's name when needed  <p>*Users will need to right-click and choose Customize View to add the eRx Status column to the Orders tab and Medication List tab.</p>	<p>All</p>
<p>Medical Record Request Window</p>	<ul style="list-style-type: none"> New Submitted Requests tab where users can preview and/or see the fax status of a document. A new Search tab will be added to the Output Destination window so users can search/select printers by the printer's name when needed. 	<p>All</p>
