Ambulatory - New Lab Smart Templates

Wednesday August 26, 2020

New Lab Smart Templates Overview

Enhancement: New Lab Smart Templates are available for providers and clinical staff to use within their auto text templates to pull in corresponding labs results.

Positions Impacted: All Ambulatory positions that use auto text templates.

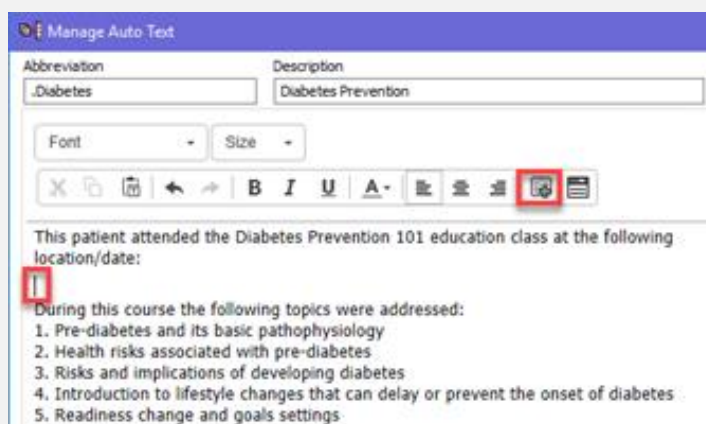

New Lab Smart Templates

The following Lab Smart Templates are available to be used within Auto Text Templates to pull in corresponding lab results. All of the smart templates will begin with the **AMB Lab** prefix.

Smart Template	Included Labs
AMB Labs_Blood Count	<ul style="list-style-type: none"> WBC, Hgb, Hct, Platelets
AMB Labs_Chemistries	<ul style="list-style-type: none"> Sodium, Potassium, Calcium, BUN, Creat, Magnesium GFR AA, GFR Non-GFR
AMB Labs_HbA1C	<ul style="list-style-type: none"> Hemoglobin A1C
AMB Labs_Hepatic Tests	<ul style="list-style-type: none"> AST, ALT, Alk Phos, Total Bilirubin
AMB Labs_Lipids	<ul style="list-style-type: none"> Total Chol, HDL, LDL, TG
AMB Labs_Proteinuria Screening	<ul style="list-style-type: none"> Microalbumin, Protein Creatinine Ratio
