Ambulatory Provider - New FYI Result Subscriptions

Weds August 26, 2020

New FYI Result Subscriptions Overview

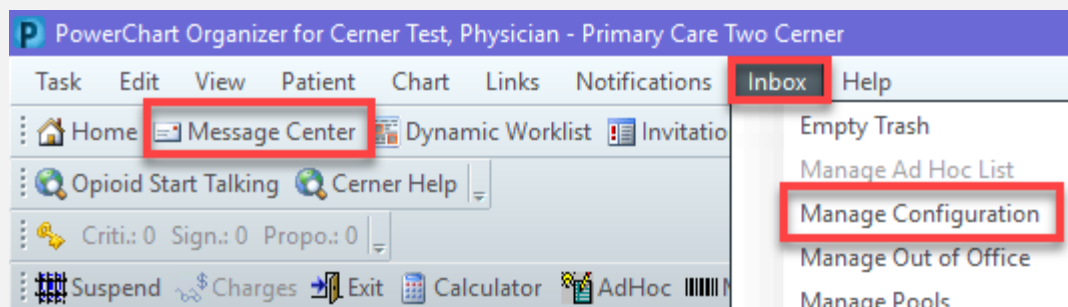

New Feature: Within the Message Center, providers will have the ability to opt-in to new FYI result subscriptions so that additional results flow into the Results FYI section of their inbox, including Cardiac Testing, Microbiology, and Imaging results. This feature applies to users who have a Lifetime Relationship as a Primary Care Provider and are not the Ordering Provider.

Available Subscriptions	Corresponding Results
Primary Care - Cardiac Testing	<ul style="list-style-type: none">• Cardiac Cath• Echocardiology CV• Stress Test• Vascular Ultrasound CV
Primary Care - Hospital Documentation	<ul style="list-style-type: none">• Admission Note Physician• Discharge Physician• ED Note Physician
Primary Care - Imaging Results (Outpatient, ED, Inpatient)	<ul style="list-style-type: none">• Radiology
Primary Care - Path/Micro Results (ED, Inpatient)	<ul style="list-style-type: none">• Microbiology• Misc. Microbiology• Pathology

Positions Impacted: Primary Care Provider (Office/Clinic Only).

Opt-in to FYI Result Subscriptions

- 1.) Select **Message Center** from the Toolbar.
- 2.) Select **Inbox** from the Menu and choose **Manage Configuration**.

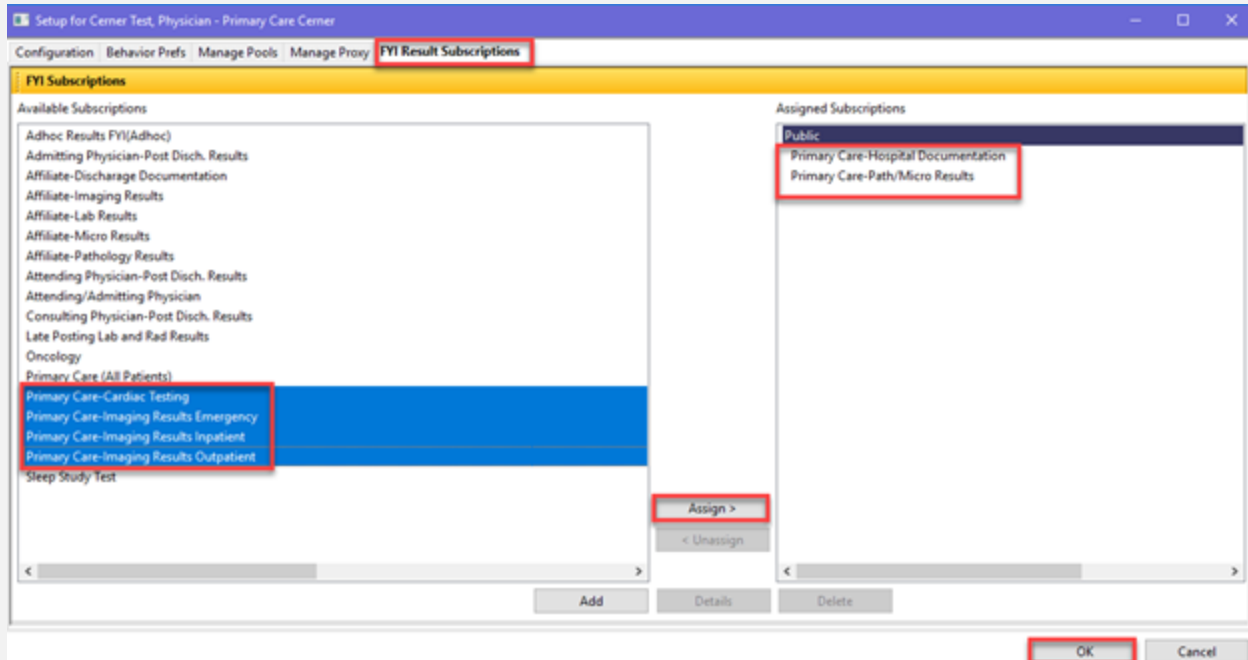

3.) Select the **FYI Result Subscriptions** tab.

a. Select the desired subscriptions from the **Available Subscriptions** column.

- **Note:** Users can hold down the **Ctrl** key to select more than one subscription at a time and move them all over at once.

b. Click **Assign** to move the selected subscriptions to the **Assigned Subscriptions** column.

c. Click **OK** when done.

4.) Users will begin to see the corresponding results flow into the **Results FYI** section of the Message Center as they become available.
