Ambulatory: Lab Requisition Printing Enhancement Relaunch

May 2, 2024

Lab Requisition Printing Update

Update by EOB 5/2/24: The Lab Requisition printing enhancement that was removed on 4/23/24 will be relaunched in production. Users will be able to print multiple labs on one requisition when the appropriate criteria is met.

The issues below that were reported previously have also been resolved:

- Users will now be able to print Modified Lab Orders.
- Order Comments that have been entered will now display on the requisition.
