Ambulatory: Pneumococcal Vaccine Vial and Admin VFC Options December 5, 2023

**Pneumococcal Vaccine Vial and Admin Options Overview**

**Correction effective Today:** VFC options have been added to the Vial and Admin dropdowns for both the Pneumococcal 15-valent conjugate vaccine and the Pneumococcal 20-valent conjugate vaccine within the Medication Administration Window (MAW). Users will now be able to choose these options when appropriate.

**Prior to this Correction:** The Pneumococcal 15-valent conjugate vaccine and the Pneumococcal 20-valent conjugate vaccine were missing VFC options in the Vial and Admin dropdowns within the MAW.

**Impacted Positions:** All Clinical Staff that document administrations.

**Pneumococcal Vaccine Vial and Admin Options**

Within the Medication Administration Window (MAW), VFC options have been added to the Vial and Admin dropdowns for both of the Pneumococcal vaccines below.
