## Cologuard Order - Task Notification

Monday, September 21, 2020

### Workflow Changes Overview

**Previous Steps:** Previously, when a Cologuard Screening Kit was ordered, no notification was generated to the Clinical Staff.

**Update:** Effective September 21<sup>st</sup>, 2020 users will see a task get generated when a Cologuard order is placed for a patient. The instructions listed below explain how Clinical Staff can obtain the appropriate order form for patients who are receiving the Screening Kits.

**Positions Impacted:** Ambulatory Providers and Clinical Staff.

### Viewing Cologuard Orders & Tasks

1.) When a Cologuard order is placed a task will fire to the SPTL/MPTL to alert Clinical Staff of the order.

Monday, June 1, 2020 2:49:00 PM EDT

Scheduled Patient Care

Task retrieval completed

| Provider Name                                    | Mnemonic                | Task Status | Order Details         | Order Status |
|--|-------------------------|-------------|-----------------------|--------------|
| Cerner Test, Physician - Primary Care Two Cerner | Cologuard screening kit | Pending     | 09/09/20 14:44:00 EDT | Ordered      |

2.) Clinical Staff will then navigate to the **Orders** page and click on the **Paper** icon to access the link to the Cologuard order form.

Orders Medication List Document In Plan

Displayed: All Active Orders | All Inactive Orders | All Orders (All Statuses)

| Order Name              | Status    | Dose ... | Details                                      |
|-------------------------|-----------|----------|--|
| Diagnostic Tests        |           |          |  |
| ColoGuard screening ... | Ordered   |          | 09/09/20 14:44:00 EDT                        |
| Procedures              |           |          |  |
| Electrocardiogram, R... | Completed |          | 08/11/20 8:57:00 EDT, Healthcare maintenance |

3.) From here Clinical Staff can enter the necessary details, print the form, then proceed to fax it to Exact Sciences.
