4 Eyes Assessment Witness Update

Coming 4/26/2023: To ensure compliance with entering the witness for the 4 eyes assessment, we have updated the documentation to require the witness to enter their password, similar to the medication witness. The nurse will continue to be tasked upon Admission, any change in level of care and at discharge for the 4 Eyes Assessment.

4 Eyes Assessment 04/11/23 9:16:15 EDT, Once, Stop date 04/11/23 9:16:15 EDT
 Comment: System generated secondary to placement of transfer order

The user will document the required fields

The screenshot shows the 'Activity View' window with a list of '4 Eyes Assessment' entries. The most recent entry is highlighted in blue and has a green checkmark in the 'Signed' column. Below the list, a detailed view of the entry shows the date and time (4/11/2023 9:36 EDT) and the results for '*4 Eyes Assessment Performed' (Yes) and '*4 Eyes Wound, Pressure Injury' (No). A yellow box highlights the '*4 Eyes Assessment Performed' result, and a green checkmark is visible next to it.

After selecting the green check mark to sign, the user will be prompted to search for and enter the name of the witness

The dialog box is titled 'Witness Required - ZZTEST, MCARETWO - 310003862186'. It contains the following table:

Item	Date/Time	Result	*Witnessed By
4 Eyes Assessment Performed	4/11/2023 9:36 EDT	Yes	<input type="text"/>
4 Eyes Wound, Pressure Injury	4/11/2023 9:36 EDT	No	

A search icon is visible in the search field for the first row.

The witness name will appear next to all documentation and the user will click 'OK'

The dialog box is the same as the previous one, but now the witness name 'Cerner Test, RN Twelve Ce' is entered in the search field. The 'OK' button is highlighted with a red box.
