Ambulatory: Health Maintenance Recommendation Updates

## Health Maintenance Recommendation Updates Overview

**Enhancement:** Effective 3/21/22, there will be updates to two recommendations within the Health Maintenance component on the Outpatient Workflow page.

Recommendation	Enhancement	Current	As of 3/21/22
Colon Cancer Screening	Age Range	50-75 years	45-75 years
Diabetes – Monitoring for Nephropathy	Associated Order	Microalbumin Random Urine	Microalbumin Creatinine Ratio Urine

**Positions Impacted:** All Ambulatory Provider and Clinical Staff positions.
