Ambulatory: Health Maintenance Urine Drug Screen Recommendation

Urine Drug Screen Recommendation Overview

Enhancement: Effective today, the Pain Management Drug Screen (M) Trident order is now available in the Orders dropdown next to the Urine Drug Screen Recommendation in Health Maintenance.

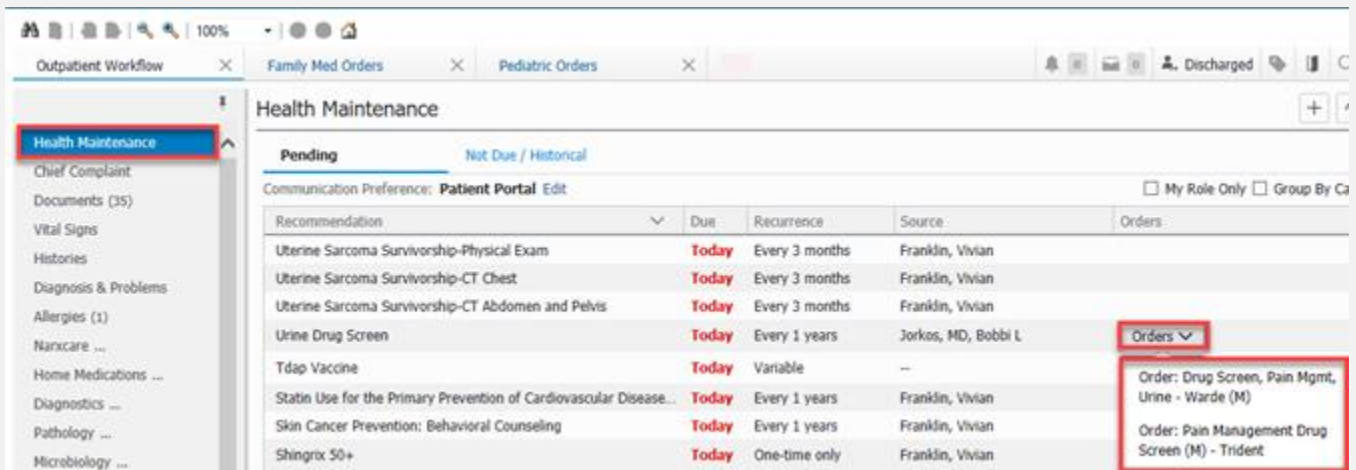

Prior to this Enhancement: The Pain Management Drug Screen (M) Trident order was not available. The oral swab version of this order was in the dropdown, which has been removed to avoid confusion.

Positions Impacted: All Ambulatory Provider and Clinical Staff positions.
