Updated Surgical Documentation Surgical Services - OR

Implant Log Segment has been updated.

The screenshot displays the 'FLT OR IntraOp Record' interface. On the left, a navigation tree shows various documentation categories, with 'Implant Log' highlighted. The main content area is divided into several sections:

- Procedure**: A table with columns for Procedure, Implant Action, Description, Size, Manufacturer, and Category.
- Medical Device Sterility**: Includes 'Internal Indicator Results' with checkboxes for Chemical - Pass, Chemical - Fail, Biological - Negative, Biological - Positive, and Other: See Segment Text.
- Reconstitution Fluid Details** (highlighted in red): Contains a 'Reconstitution Fluid' section with checkboxes for Normal saline, Lactated ringers, Blood, and Other: See Segment Text. It also features a 'Fluid Volume' input field and a 'Medication/Solution Expiration Date' dropdown menu.
- Medication/Solution Lot, #:** A text input field.
- Outcome Met [0, 30]:** Radio buttons for Yes and No.

At the bottom of the main content area, there are buttons for 'Add', 'Modify', 'Remove', and 'Clear'.

Reconstitution Fluid Details fields have been added.
