## <<“MIPS-AMS” Required Documentation>> <<Bay, Flint, and Oakland Anesthesia Departments>>

On 3/14, “MIPS-AMS” will be required documentation to finalize any Anesthesia record at Bay, Flint, or Oakland.

Each of the quality metrics below will have to be addressed before any anesthesia record at these three facilities can be finalized on or after that date.

This action item can be found under “compliance” and has been added to all of the MACROs at each of these facilities.

 Action Details

 **Modify MIPS-AMS**

* MIPS 404: Smoking Absence	N/A	Patient abstained smoking prior to anes on DOS	Patient did NOT abstain smoking prior anes DOS	Not current smoker	Patient not scheduled for elective sur
* MIPS 424: Temperature Mgmt	N/A	>=35.5°C. 30 min before/15 min after anes end	<35.5°C. 30 min before/15 min after anes end	Neuraxial/general anesthesia < 60 minutes	Patient had MAC
* MIPS 430: Prevention PONV	N/A	Patient received >=2 prophylactic antiemetic agent	Patient received <2 prophylactic antiemetic agent	Patient did NOT receive inhalational anes agent	Patien
* MIPS 463: Prevention PONV Peds	N/A	Patient received >=2 prophylactic antiemetic agent	Patient received <2 prophylactic antiemetic agent	Patient did NOT receive inhalational anes agent	
* MIPS 477: Multimodal Pain Mgmt	N/A	Multimodal pain management was used	Multimodal pain management was NOT used	Not an elective surgery	Documented allergy to multiple classes anal
