Ambulatory: New Smart Templates & Auto-Texts Phrases

Sept 17, 2021

New Smart Templates & Public Auto-Text Phrases Overview

Enhancement 1: Four new Smart Templates are now available within Cerner PowerChart and will allow users to pull in the patient's preferred pharmacies, patient's location and the date of the patient's previous and next visit in the clinic.

Enhancement 2: Four new Public Auto-Text Phrases (dot phrases) have also been created that have the corresponding Smart Template built in and will pull in the related information.

New Smart Templates	New Public Auto-Text Phrases
AMB – Location Prev Visit	.amblpv - AMB Location Prev Visit
AMB – Location Prev Visit Date	.amblpvd - AMB Location Prev Visit Date
AMB – Location Next Visit	.amblnv - AMB Location Next Visit
AMB – Preferred Pharmacy	.ambprefpharm - AMB Preferred Pharmacy

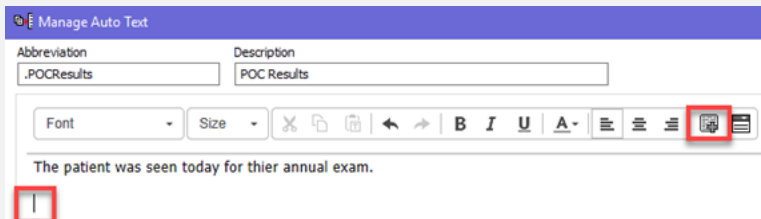

Positions Impacted: All Ambulatory Providers and Staff.

Adding the New Smart Templates to Auto Text

The below steps outline how users can add the new smart template to a new or existing auto-text.

1). To add the smart template while creating or editing Auto Text:

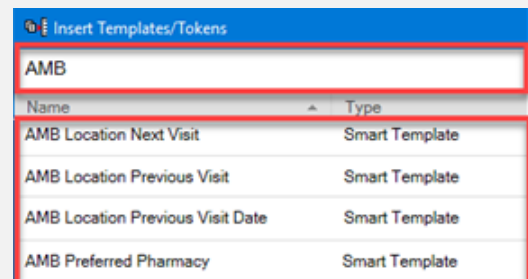

- a. From the **Manage Auto Text** window, place the cursor in the area that you want to add the smart template.
- b. Select the **Smart Template** icon.

2). Free text "AMB" into the **Search** field and select the appropriate Smart Template to use.

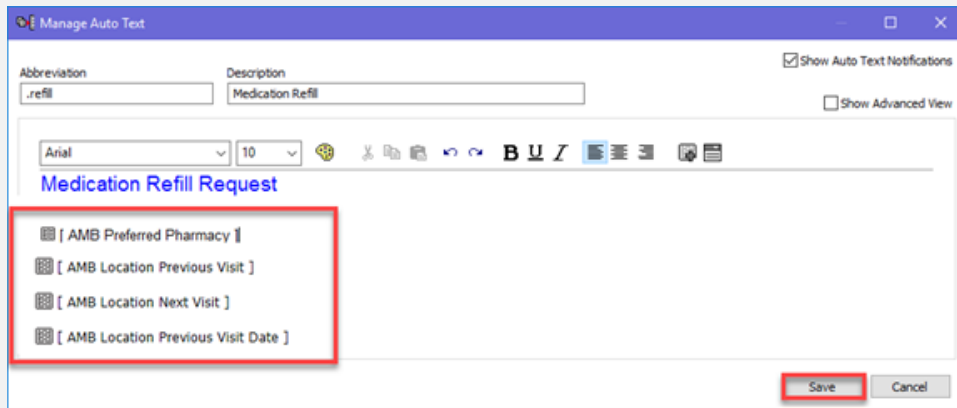

- a. Click **Insert**.

- **Note:** Enter more text into the Search field to narrow down your search if needed.

- 3). The chosen Smart Template will display within the Auto Text template.
 - a. Add or edit any text as desired.
 - b. Click **Save** when done.

Use the New Public Auto-Text Phrases

The below steps will outline how users can insert the new auto-text into their documentation.

- 1). To use any of the new Auto Text Phrases:
 - a. In any Free Text area within the patient's chart, free text the needed dot phrase:
 - .amblpv
 - .amblpvd
 - .amblnv
 - .ambprefpharm
 - b. **Double-click** appropriate dot phrase from the options that appear.

- **Note:** You can also use the Manage Auto Text icon to duplicate the auto-text and make it your own.
