Ambulatory - Sleep Study Interpretations to Message Center

Monday March 29, 2021

Sleep Study Interpretations Overview

Update: Sleep Study interpretations will now be sent directly to the ordering provider's Message Center from the Sleep department. This will allow the ordering provider to review and sign the interpretation without having to go into the patient's chart.

Sleep Study Interpretations Previously:	Sleep Study Interpretations Moving Forward:
<ul style="list-style-type: none">Providers were notified via Message Center when Sleep Study Interpretations were available for their patient.Providers would then have to open the patient's chart and locate the Sleep Study Interpretation to review.	<ul style="list-style-type: none">Providers will now receive the Sleep Study Interpretations via Message Center where they can review without having to leave the Message Center.

Positions Impacted: All Ambulatory Provider Positions.
