Cerner Flash

Another "Reason for Exam" may be selected as a default or left blank & the orders resaved as a favorite.

ECG 15 Lead (93005/93010) Reason for Exam new options:

The screenshot shows the 'Details for ECG 15 Lead (93005 / 93010)' form in Cerner. The form includes tabs for 'Details', 'Order Comments', 'Offset Details', and 'Diagnoses'. Below the tabs are icons for adding, deleting, and refreshing. The 'Requested Start Date/Time' field is set to a date and time with an 'EST' time zone. The '*Reason (multi-select):' dropdown menu is open, showing the following options: 'Acute Coronary Syndrome (ACS)', 'AMI, Acute/Chronic', 'Chest Pain', 'Ischemic Heart Disease Symptoms', and 'Other (please specify)'. The 'Comments to Scheduler' field is empty.
